Hello

Welcome to the ChkM8 "Let's Get 30" Contest, where you have the exciting opportunity to win \$500! We're thrilled to have you on board, and we can't wait to see the enthusiasm and creativity you bring to the contest.

Getting Started: To kick things off, make sure you've downloaded the ChkM8 app. Head to either the Apple Store or Google Play to get started. Remember, allowing notifications is mandatory, as it's how you'll receive updates on your progress towards that \$500 prize!

Next, **reply to this email** and send your birthday as that is the way the system will match you with your cell number. team@chkM8.app

Quick Rules to Keep in Mind:

1. Each user rating counts as one rating, covering Integrity, Likeability, and Safety.
2. Repeated ratings from the same phone number won't count more than once. Our system is designed to ensure fair play.
3. Ratings will be randomly checked to guarantee they correspond to a legitimate cell phone, and only ratings with connected phone accounts will be considered.
 1. Accounts can only be set-up using handsets. Google cell numbers will be identified and removed.

Quality Control Management: As you climb the ranks and enter the top 5 placements, be aware that our quality control measures will come into effect to maintain a fair playing field. Ratings are reviewed as having come from legit handset devices.

Winning Strategies: This contest isn't just about the prize; it's an opportunity for us, here at ChkM8 to learn from your success.

- Share your winning strategies when convincing new users to download and rate. Whether it's guiding them to our website for legitimacy or encouraging a simple coffee meetup, we want to hear it all!

Pro Tips:

- Encourage new users to visit our website to see that we are legit!
 - <https://chkM8.app>
- Ratings don't have to be dating-related; a coffee meetup, gaming sesh or study group meetup works just as well.
 - So contact friends and family and let them know you are into it for the win.
- Allow the app to access your phone book for an advantage in reaching out to friends already using ChkM8.
- Send your friends chkM8 rating request and the link will send them directly to app store if they don't have the app already downloaded. Once they download then your request code is automatically uploaded on their app.

Reporting and Updates: We'll be keeping track of the number of ratings and reporting the count every Monday morning, so stay tuned for updates.

Good Luck! May the ratings be ever in your favor! Feel free to reach out if you have any questions or need assistance along the way.
